STOPS OR CORNERS

• 6 OR 12 VOLTS

**• ATTRACTIVELY
CHROME PLATED**

music wherever you go!

NO TECHNICIAN REQUIRED TO INSTALL UNIT • NO NEED TO REMOVE RADIO. Design assures music unaffected by road bumps, cornering or stops. 6 or 12 Volts. Custom Chrome-plated. Easily interchangeable.

Music when and where you want it . . . without interruptions! Popular, Semi-Classical, Jazz, Dixieland, or Broadway shows . . . whatever your taste dictates. Just select up to 12 45's, and enjoy the luxury of uninterrupted music of your choice. Great on dates . . . at the beach . . . on the desert . . . in the mountains . . . wherever you travel!

UNIVERSAL MOUNTING. Sports car, Compact, Custom, Limousine, or Family Sedan — your A.R.C.-2500 is engineered to fit like a fine custom installation.

No uncertain reception, fade-outs or jarring commercials! With the A.R.C.-2500 you have the only totally automatic unit designed for genuine driving pleasure. **SUGGESTED LIST \$79.95**

GUARANTEED QUALITY

Guarantee

Every A.R.C. #2500 AUTOMATIC RECORD CHANGER is unconditionally Guaranteed* for a period of 90 days against all mechanical defects and inferior workmanship. *Except for Cartridge in Tone Arm, which is not covered by provisions of this Warranty.

NOTE: Units returned for repair must be shipped PREPAID and in the original packaging. WE WILL NOT ACCEPT C.O.D. PACKAGES. All parts must be original and intact — otherwise Warranty is void.

This Warranty is void unless the Guarantee Card, which is included with unit when purchased, is returned with Serial Number to A.R.C. Electronics, Inc. within 10 days of date of purchase.

This Warranty excludes all other Warranties and liabilities — express, implied or statutory. A.R.C. Electronics, Inc. liability is limited to repair or replacement as above set forth.

EASY INSTALLATION...

NO TECHNICIAN NEEDED! To install the A.R.C.-2500, simply mount unit by means of the three (3) metal straps furnished.

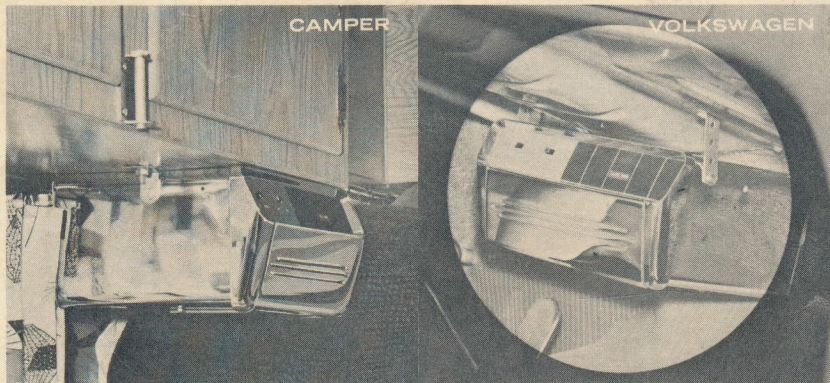

NO NEED TO REMOVE RADIO! Just remove antenna plug from radio and insert record changer adapter in radio. Plug antenna plug into adapter. Connect BLACK WIRE to 12-VDC hot line.

INSTRUCTIONS AND DIAGRAM FURNISHED WITH EVERY UNIT.

TO OPERATE

Place records on spindle and turn "off/on" switch to ON Start record changer by depressing "reject" switch to START. Hold momentarily. To REJECT records, depress "reject" switch. A full stack of 45's may be rejected by a slight turn of the small knob in the center of the record spindle.

The A.R.C.-2500 RECORD CHANGER is encased in quality Chrome-plated metal — a trim 11½" Wide, 9" Deep by 6" High. Manufactured and fully assembled in the U.S.A.
